

## CHANGING PAYOR ID FROM 00953 TO 08202 FOR WPS MEDICARE

On July 16, 2012, the Payor ID is changing for WPS from 00953 to 08202. This ID **SHOULD NOT** be changed before July 16 and affects transmission dates not the date of service. This document will outline how to change your Payor ID for both eTHOMAS & dTHOMAS and Lite software.

Why is it changing? On July 16, 2012, Wisconsin Physician Service (WPS) will begin administering Medicare claims. CMS selected WPS to serve as the Medicare Administrative Contractor (MAC) for Part A and Part B Indiana & Michigan (Jurisdiction 8) also referred to as J8 MAC.
